

Network Time Manager

*Time sync with a 10 year battery backup
for your Avi-on Network*

Easy Install

Simply install in the network like any other Avi-on device within mesh range of other network devices.

12VDC Power

The Network Time Manager is powered by 12VDC making it easy to install with an Avi-on Network.

Automated Sunrise/Sunset Updates

The Network Time Manager automatically updates sunrise/sunset times throughout the year, automatically adjusting for leap years, DST, and other changes.

Battery Backup

The Network Time Manager includes a high capacity 10-year lithium battery to keep your network in time through daylight savings changes and unexpected power outages. Maintains time for over 15,000 hours of power outages on a single battery

PRODUCT OVERVIEW

Stay in time with Avi-on

Avi-on's Network Time Manager provides 10 year battery back up time sync to Avi-on networks. Simply provide 12V power, and install within a fixture, electrical back box, or any other place within range of the overall mesh network, and the Timekeeper will ensure the network devices are synchronized to current time whenever powered/online.

ORDERING INFORMATION

Part Number	Description
AVI-NTM	KIT:Network Time Manager (no internet required), power supply incl

To order please contact Avi-on sales at **(877) AVION-US**, (877) 284-6687 or prosales@avi-on.com for information on becoming an Avi-on partner and order details.
