LIGHTING CONTROLS FOR **MANUFACTURING**

COMPANIES CHOOSE AVI-ON TO MAXIMIZE THEIR ROI

Avi-on maximizes utility rebates, annual energy savings, productivity, safety, and convenience... while reducing installation and ongoing maintenance costs and providing flexibility to reconfigure how the lighting in spaces operates using software instead of re-wiring.

LIGHTING CONTROLS FOR **QUALITY & PRECISION**

Manufacturing facility lighting systems require safety, energy savings, compliance with building codes and minimal maintenance. Upgrading to Avi-on light controls ensures critical illumination in manufacturing and inspection areas where light quality and control are essential to ensure minimal shade and precise color in the work environment.

Not only do Avi-on controls provide the highest of quality, but the simplicity of the Bluetooth™ system significantly reduces installation and commissioning effort and expenses while requiring no special training. Intuitive tools allow for rapid configuration and updates making maintenance simple without limiting features.

Gateway-free, Distributed Control
Gain optimal energy savings without a complicated gateway: no single point of failure, no extra cost/hassle, and no special network or panel installation

Flexible Control Strategies
Mix scheduled and sensor-based controls with no gateway required

Secure
UL 1376 Diamond IOT security rating + DLC 5.0 compliant for energy efficiency

Hassle-free Commissioning
Intuitive tools enable rapid setup and changes to any combination of sensors, zones, schedules, and scenes

IT-friendly Solution
Run stand-alone or use a cell modem to avoid corporate network integration

Control the Whole Property
Combine indoor and outdoor lighting control in one easy to use solution

Color-capable Controls
Use battery-powered wall stations or the Avi-on apps to wirelessly control CCT, circadian transitions and unique color tuning

Optional Cloud Connectivity
Manage user access control, device configurations, remote diagnostics, and future reporting/upgrades with a robust, utility-grade platform and web application

VIRTUALLY
UNLIMITED COVERAGE

Avi-on mesh provides worry-free wireless connectivity that grows with your needs for interior and exterior applications..

High-bay Fixtures w/ Avi-on Fixture Adapter

Direct Connect PIR Daylighting Sensor

Dimming Wall Station
