

BLUETOOTH LIGHTING MADE SIMPLE

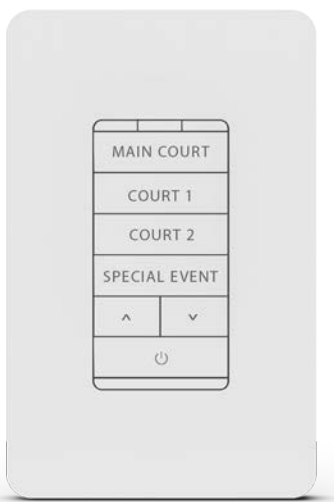

Avi-on App

Facility managers want simple lighting controls

Most networked lighting controls are too complicated to manage and reconfigure. Building owners/operators are demanding solutions that optimize energy usage, can be self-managed, and don't require IT support. Most of all they need a system that just works.

Avi-on makes controls that are easy to install, use and change. We take simplicity seriously without limiting the ability to customize for any configuration.

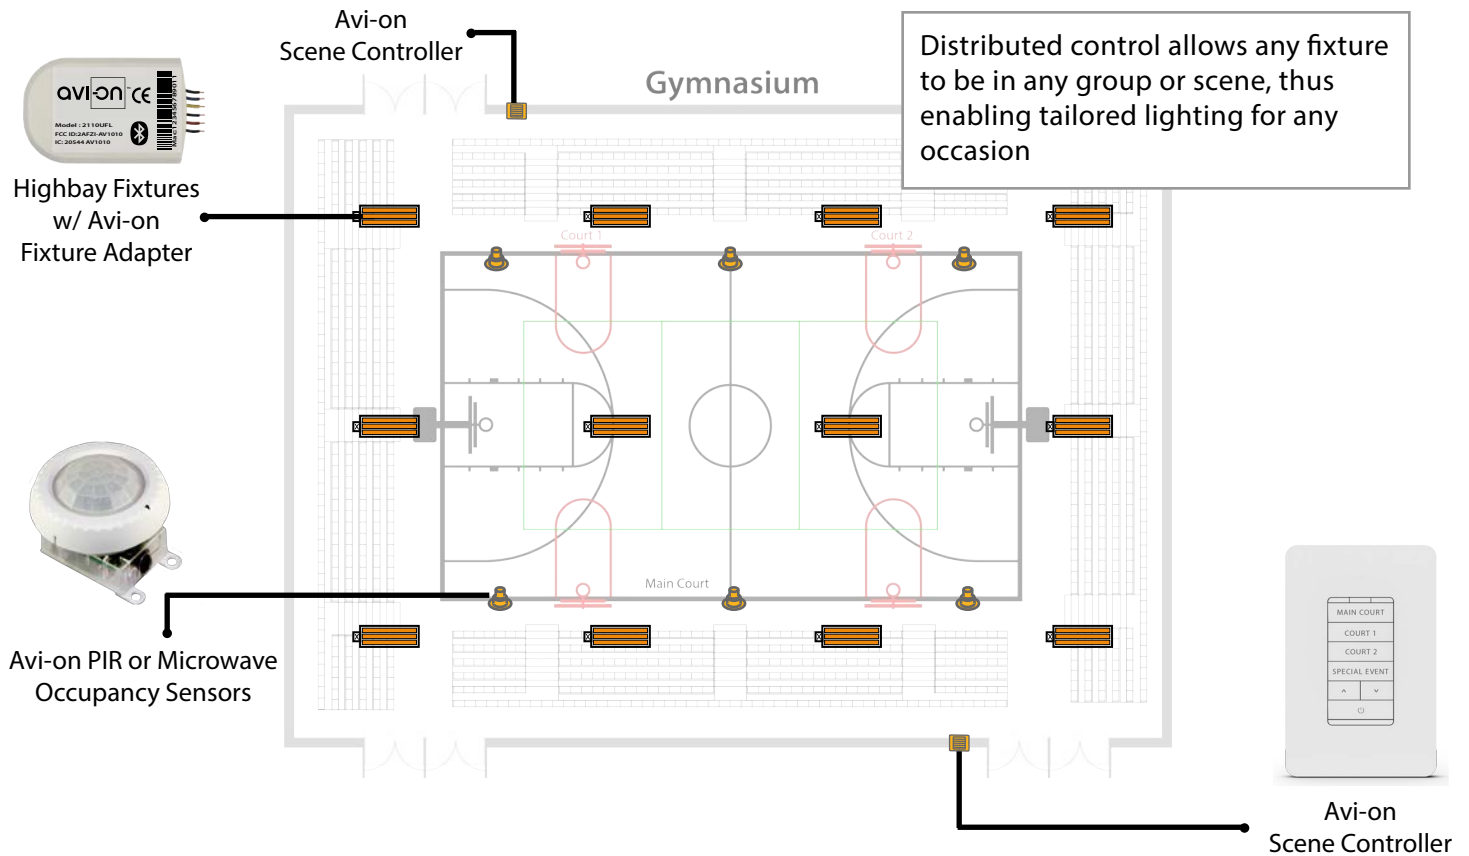

Scene Controller

- **Gateway-free, Distributed Control**
Optimal energy savings & easy reconfiguration without a single point of failure or the cost/hassle of gateways and network installations
- **Flexible Control Strategies**
Mix scheduled and sensor based controls with no gateways required
- **Hassle-free App Programming**
Intuitive tools enabling rapid setup and changes to any combination of sensors, zones, schedules, scenes
- **IT-friendly Policy**
Run stand-alone or use cell modem to avoid corporate network integration
- **Control the Whole Property**
Combine indoor and outdoor lighting control in one easy to use system
- **Optional Cloud Connectivity**
Robust, utility-grade platform manages user access control, device configurations, remote diagnostics and future reporting/upgrades

Avi-on believes that lighting controls should be simple.

With decades of experience at the forefront of industrial networking and IOT technology, we built a unique, patented Mesh platform based on Bluetooth® technology. We liberated the fixture from the circuit, and the switches from the walls. Then we added mobile and web-based management tools that liberated the customer from the tyranny of programming and maintenance. At Avi-on, simple means easy.

Color made easy

Enhance mood and productivity of students and teachers using Avi-on Dynamic Color Tuning, which creates the experience of natural daylight in the classroom.

Virtually unlimited coverage

Avi-on mesh provides worry-free wireless connectivity and can grow as your needs do.
